Everything I know about Sims 2 Double Deluxe: ----- Submitted by: Amanda When you first make your sims family, and do not have enough money, type in ctrl+shift+c then a cheat window should pop up. Type in motherlode as many times as you would like. I typed it in where I had over 1 million simaleons. Then you will find a dream house. Like one you've ALWAYS wanted. Then, if the mother of the family is pregnant, and you do not want only one child, type in the cheat box forcetwins. That will make the mother have 2 babies instead of one. If you do not want your child/toddler/baby/teen/adult/elder/so on to age, type in aging off on whoever you do NOT want to age. Then Select "Add Family Member," and choose a type of person to add (Baby/Toddler/Child/Teenager/Adult/Elder, and Boy/Girl) Make Sim Into a Vamp!: ----- Submitted by: Dana Email: howrselu1@yahoo.com There are two ways, one easy, one hard. Hard- Go in the downtown as a female at night, go to all sorts of the creepy sounding places. Sooner or later (might take a few days) You will find a vampire male. I have only seen two vampire males before, I dont know how many there are in all. Make them either lovers or good friend, after a while ask the vampire to move in, if they say yes they will bite your sim and your sim will become a vampire. Vamprocillin-D will cure them. Easy- Hold Ctrl+Shift+C and type this in the box: boolProp testingcheatsenabled true Then go to your character and hold shift, then click on them. (then you can let go of shift) It will have all sorts of options. Go onto the more... part and on the left side it will say "Become A Vampire" Click on it. Vamprocillin-D will cure them. (But doing the code again and using the shift cheat and then go on More... again, it will say in its place "Cure Vampire" Click on that to cure them.) If you use the cheat and then exit the game, when you come back you have to type it all again. (but they will still be vampires.) The code will be inactive. Email me if you would like to know more about it, I am an oasis of knowledge. (not really, but I do know alot about this game.)
